HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

[DISPATCHES TO THE OREGONIAN

DATES TO JULY 12.

New York News.

ALBANY, July 12.—A woman named Louisa Walsh was arrested last night with portions of a silver chalice, stolen from St. Mary's Church, in her possession. The woman says she has two children in Brooklyn; that her husband deserted her and she is destitute.

Andrew Bondes, receiver of this city, was killed on Saturday on the Boston railroad, near Hildsdale. He had charge of some cattle from Brighton and it is supposed that he fell between the cars.

The *Tribune's* New York special says it is currently reported that the directors of the English Atlantic Cable have secured a controlling interest in the French cable.

The *Herald* credits the report, and calls upon American capitalists to lay a cable to be owned and operated by Americans.

It is reported at the Fifth Avenue Hotel that the Directors of several banks will be indicted for conspiracy with the brokers to violate the usury laws. The Directors loaned money in this way as reported on Saturday, and then refused loans to all other applications. One broker firm cleared $100,000 in two weeks by this arrangement. The profits were divided with the Directors.

Brigham Young on the Rampage.

CHICAGO, July 12.—The commercial excursion party from Chicago had an interview with Brigham Young at his residence at Salt Lake, yesterday. During the conversation he told Senator Trumbull that he would probably hear of some Federal official being put out of the Territory. If done, he might be sure it would be for good and for different reasons. Trumbull advised him before taking such a step to make known his grievances to President Grant, who will not admit a violation of law to go unpunished, and that it will not be safe to molest public officers in the discharge of their duties. Young said that Grant had removed only the Mormon officers in Utah for no reason except that they were Mormons. Brigham further declared they would not obey the law of Congress prohibiting polygamy, because Congress had no right to interfere in that matter.

Mr. Trumbull replied, declining to discuss the matter, but said the law at all events would be upheld and obeyed. Young's declarations caused considerable excitement among the members of the party.

The Mormons treat the excursionists with cold, distant politeness, and repel rather than invite advances.

European Dispatches.

NEW YORK, July 12.—The *Herald's* special from London states that at a Cabinet meeting yesterday it was resolved that the Government could not concur in any of the amendments to the Irish Church bill that will in any way impair the principles of total disendowment. It is rumored that Lords Clarendon, Granville, and Harrington have evinced a disposition to yield, but were firmly overruled.

NEW YORK, July 12.—The *Herald's* special from Paris states that a meeting of the Ministers of the Privy Council was held to-day in order to discuss the Emperor's message to the National Assembly which organizes on Monday, when the Left Centre will present its resolution. Rouher will read the Emperor's message, which concedes the demand of the Left Centre in regard to the autonomy of the Assembly. As yet no change has been effected in the Ministry.

Cuba Affairs.

HAVANA, June 10.—A quantity of correspondence in New York designed to be sent by the steamer *Moncastle*, has been intercepted at Salimba. The persons in whose possession it was found have been arrested.

Gen. De Rada has issued orders to commanders of jurisdictions enjoining them to respect the lives of all unarmed citizens and to arrest none on vague suspicion. He instructs them rightly to respect all rights of foreigners, and says he will hold officers responsible for the good discipline of the troops. He instructs them to forward dispatches relative to matters in their departments, stating facts as they transpire.

HAVANA, July 10.—Advices from the City of Mexico are to the 4th inst.

Cueva has been elected Governor of the Province of Colima.

The volcano of Colima was in a high state of eruption, throwing up masses of fire and ashes. Lava was flowing abundantly. The inhabitants of the villages and towns within its range had fled from their houses to fields beyond. The cities were in deplorable circumstances.

From Mexico.

NEW YORK, July 11.—The New York *Herald's* City of Mexico special says on Saturday, July 3d, the Cabinet members and President Juarez entertained General Rosecrans at breakfast. Minister Nelson entered on his duties on the 20th of June. Minister Marescal and Col. Palacios will sail from Vera Cruz for the United States.

Intelligence from Syat is to the 8th ult. Five thousand Indians made a raid within 15 leagues of Merida, the capital of Yucatan, and captured 150 troops, and threatened to capture and seize the city.

VERA CRUZ via Havana, July 11.—The elections throughout the country resulted in favor of the Government.

The Legislature in the State of Queretaro has been declared illegally assembled, and the members suspended for future orders to be issued by President Juarez for a new election in that State for a new Legislature.

Gen. Bustamente, Governor of San Louis Potosi, was arrested and is now in prison.

Senor Marescal, Minister to the United States, sails by steamer from this port.

NEW YORK, July 12.—The brig *Elaer*, which left here on the 23d of June, with arms, ammunition and 125 men for Cuba, landed the arms in Cuba near Hernandez. The cholera had just then broken out in the camp of the patriots and in consequence 120 of the expedition party refused to enlist in the Cuban ranks even after they had been offered a bounty of $1,000 in gold, preferring to wait till the close of the sickly season. The second day after their arrival, however, the Spaniards made a descent upon Hernandez and posted themselves upon the adjoining hills, but the Americans, under St. Clancey, drove them from their position without the loss of a man. After this victory they re-embarked unmolested and returned to New York on Saturday, with the exception of two men, who died of cholera on the way.

Miscellaneous.

WASHINGTON, July 11.—The United States steamer *Tallahassee* which arrived at the navy yard yesterday from Key West had no contagious diseases aboard. She reports that up to the time she left there had been but one case of yellow fever at that point. Chief Justice Chase returned to Washington to-day.

The reduction of expenses in the Postoffice Department, owing to the discontinuance of useless mail service in the western and southern routes, is up to-day. The general service is much improved.

Letters received in this city from prominent Cuban insurgents, dated July 1, give intelligence of the arrest of members of the Cuban Junta and the filibusters, which created profound surprise and regret, and a general feeling of despondency. It was determined, however, to fight desperately, as there is no hope of mercy from the Spanish. Spanish officers continue to execute all prisoners, even those wounded in the field. Quesada has hitherto respected the rights of prisoners, but his policy is giving dissatisfaction, and a number of his officers claim the right to retaliate.

The Secretary of the Treasury has detained the Assistant Treasurer at New York to purchase $3,000,000 of bonds every Wednesday of the present month, to be held subject to the future action of Congress. The currency balance in the Treasury is now about $30,000,000, owing to the many National banks that have been discontinued as Government depositories.

NASHVILLE, July 11.—A State convention of colored men will be held here on the 14th of July for the purpose of considering the welfare of their race, and the best method of encouraging education.

MEMPHIS, July 11.—Telegrams and letters from the entire South-west State meetings are being held and delegates appointed to the Chinese labor convention on the 15th inst. A number of planters are already here.

BALTIMORE, July 11.—Baltimore, to-day, in anticipation of the arrival of the Societies composing the Northeastern Sangerbund, presented a gala appearance. The stars and stripes, with North German flags floated from public and private houses the entire length of Baltimore and Broadway streets and throughout the city. Societies from Philadelphia and New York arrived at 4 o'clock this evening. They were met and welcomed by the Baltimore societies.

CINCINNATI, July 11.—A fire this morning destroyed the furniture factory of Bolter & Co., loss $20,000.

BY ATLANTIC CABLE.

LONDON, July 10.—The *Times* regards the postponement of the debate on the *Alabama* claims as satisfactory. Their introduction now would serve no good. A general sense of weariness with respect to the subject on both sides necessitates an interval of considerable period before the subject should be resumed. The debate could only be useful if a party disapproved the conduct of the Ministry or wished to obstruct it as regards future negotiations, but there is no dissatisfaction. The only charge against Lords Stanley and Clarendon is that they are too yielding, but the House of Commons in not likely to advise the withdrawal of the concessions made, but if they were prepared to lay down a plan for future negotiations, the results of discussion were likely to be most imprudent. The reason for declining discussion is a due regard to the national dignity, which forbids approaching the American government on the question. Public opinion is unanimous on this point. The late treaty was virtually an American one, for it was made, altered and realtered by Seward and Johnson, and rejected as much through party antipathies as from discontent with its provisions. It was probably favorable, and whatever its provisions might have been, in all likelihood, they would have met the same fate. England is ready to listen to any proposals from America, but to display a desire to receive favorably, would tend to increase, not lessen, the demand. When Motley considers the feeling of America to be such that a treaty, consistent with the honor of England will satisfy America, he can address the Government for a renewal. Only such a treaty will have any chance of acceptance. Nothing more is desired than to live in peace and good will with the kindred nation, but no less dignified position exists not to sacrifice the interest and dignity of the country; any unjust pretensions the public won't approve; nor any sagacity for negotiation, which seems to forbode weakness. When negotiation comes, the question of the Queen's neutrality proclamation, which was dropped out of sight, will be abandoned. This favorable clause, owing to a discovery that England will not concede beyond a certain point, this resolution is not likely to be shaken.

The *Star* is glad the *Alabama* discussion is postponed and American resentment against England is likely to be weaker and her desire to reduce the burden of the public debt stronger. The best thing for both countries is to keep the peace, which fact no general discussion can simplify. The new House of Commons evidently prefers to leave the responsibility of postponement on the Government. The *Star* thinks the country will approve the precedent.

It is reported that Lord Howden has been appointed Minister to Spain.

The assignees of the Overend, Guerney & Co. will pay a dividend of one shilling on the pound in September, making full payment to all creditors of their claims with the exception of accrued interest.

The ministerial crisis in France increases in intensity. The constitutional opposition in the Corps Legislatif declared their ultimatum to be the retirement of Minister Rouher, while the people desire his retainment and are as reluctant to dismiss him on account of his ability and devotion to the Imperial Government. Rouher's failure to comply with the wish of the Emperor and tender his resignation, is severely criticised. Yesterday the proprietor of one of the leading journals said: "M. Rouher, your time has come, clear out." "I know it," answered Rouher; "but my wife won't. Madame Rouher objects to giving up the honors which she received at the Palace as the wife of the chief of the Emperor's Ministry. The majority of the Assembly are opposed to the propositions demanded by the members of the Left Centre, which are as follows: 1st. A responsible Ministry. 2d. Autonomy of the Legislatif Assembly. The Emperor is therefore obliged to temporize with the majority who do not wish to openly defy him.

LONDON, July 10, (midnight).—In the House of Lords to night the Irish Church bill was before the reception of the report of the Committee. On motion of Lord Cairns, the date of the 1st of May, 1871, was substituted for 1st of January, 1872 throughout the bill. Lord Redesdaly moved an amendment that the representation of Irish Church and Catholic Synod, in cases of vacancy in Bishoprics, nominate three persons, and for the Crown to select from them, and that the Crown be empowered to summon one Archbishop and two Bishops from each church to sit in Parliament.

After further discussion, Earl Denbergh announced that the Catholics had decided not to accept Glebe lands, as the Marquis of Clanricarde's motion to restore the clause was lost by a vote of 60 to 9. An amendment embracing the proposal of the Earl of Granville to pay a half million sterling in money instead of handing over private endowments created before 1660, was agreed to. The report was then read. The Earl of Clanricarde gave notice that when the bill came up for third reading, he should move for its postponement for three months. A *Times* editorial states, speaking of the affairs of France: If the Corps Legislatif is firm, it will gain the powers which have been demanded by a large majority and which that majority also desire. Odd things are passing away and other political despotisms are at hand. The Emperor has said the principles of ministerial responsibility was right, but that it was the business of the Senate and not the Corps Legislatif to regulate the time.

The Paris *Patrie* to-day says the negotiations between the Government and the Corps Legislatif have resulted in an understanding that the former will realize the projected reformation. It is announced that a "senseurs" consultation was to carry the same into effect.

In the House of Commons, last night, Gladstone discussed central Asiatic measures. He said it was English policy to rule subject countries by the adoption of measures beneficial to them. He was ashamed that the Lord Mayor's interview with Speare Ali did not involve any agreements on our part. Russia has expressed the opinion that they should remain as neutrals between Russian and British influence.

PARIS, July 10.—The Paris *People Francais* says the Deputies in the Corps Legislatif who are now seizing the interpolation for political reforms are members of party and friends of the Government. They do not wish the Emperor to renounce his right incitative, but ask him to allow the Chambers to share it, believes the Emperor is not disposed to reject their demands. The situation is not agreeable—while one side is not disposed to make aggressive claims, the other is equally resolved not to make exaggerated resistance. The crisis will terminate in compromise which will satisfy the public. The article continues that Minister Rouher in reply admitted that a ministerial crisis was approaching, but the great question is the changes which will powerfully affect the institutions of society, the future, with the question of barriers which must be erected against revolution. We know not when or by whom agreement will be approved, but we know what force the Chambers will rely on to preserve society.

The bourse is buoyant. Rentes 70@75.

PARIS, July 10.—The journals announce the resignation of Ministers. It is believed Rouher has been commissioned to form a new Cabinet and will include four members of Thiers' party. A manifesto from the Emperor is expected.

The *Constitutionnel* of this evening says the counsellors of the Crown are discussing the question as to whether it will be advisable to reply to the interpolation and thereby divulge the programme of the government. No decision has been arrived at, therefore reports as to the intention of the government are premature.

PARIS, July 11.—The council of ministers and the Privy council have held frequent meetings at the summons of the Emperor, to deliberate upon the interpolation for political reform pending in the Corps Legislatif. It is said the following programme is agreed upon, with the concurrence of the Emperor the Senate will be immediately convoked, when changes of a liberal character will be proposed by the government. These reforms will probably include the extension of the right and facility of interpolation and the creation of a responsible ministry, the Emperor choosing the ministers from the Corps Legislatif with a view of arriving at the particular responsibility of each member of his Cabinet.

MADRID, July 10.—The President and people generally condemn the Ministry. The Governor of Catalonia has been dismissed for not preventing Republican demonstrations in Barcelona. Disorders are anticipated there and troops are reported to be in readiness to suppress any disturbance.

The resignation of Herrara as Minister of Justice, has been accepted.

MADRID, July 11.—Much political agitation prevails in Lisbon, and the Government is taking unusual precaution to prevent an outbreak.

BREST, July 9.—On Thursday noon the *Great Eastern* had run 1,767 knots and paid out 1,977 knots of cable. The officers of the ship expected to reach shoal water by Friday noon.

Up to Friday noon the *Great Eastern* had made 1,835 knots from this port and had arrived off the banks of Newfoundland. She had put out 1,122 knots of cable. All well and working fairly.

BREST, July 11.—Dispatches from the *Great Eastern* up to Saturday noon, say she had run 2,023 knots from Brest and paid out 2,277 knots of cable. The work was proceeding without interruption.

NEW YORK, July 11.—A *Herald* London special says the agitation in relation to the Irish Church bill threatens to become serious. Preparations are actively being made for an imposing demonstration against the action of the Lords. Gladstone, who has hitherto hesitated to encourage their meetings, has consented to give them semi-official sanction, on the ground that the Lords attempted to qualify their opposition to the will of the government of the people on the ground of a pretended change of public sentiment. It is certain, however, that the Commons will refuse to yield to the Lords in their amendments, excepting on three points not affecting the principles of the bill. It is expected that the open air meetings will be the largest ever known.

QUEENSTOWN, July 11.—The yacht *Dauntless*, James G. Bennett commander, has arrived. All well. They made the trip in eighteen days, seventeen hours and six minutes.

VIENNA, July 11.—Prince Von Auersperg was elected President of the upper chamber of the Reichrath.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, July 11.—Francis Gallepin, native of France, aged fifty-five, committed suicide, yesterday morning, at 431 Third street, by hanging himself with a clothes line to a post. He leaves a wife and two daughters.

The Typographical Union No. 21 is now on a strike, resolved at a meeting last night to publish a black list of all who refused to grant their demands, or who went to work at old rates.

A portion of Mission street wharf gave way yesterday morning, precipitating a truck loaded with grain into

Going Up and Coming Down.

This is a simple song, 'tis true,
And some like these are never new,
A [illegible] and shorter than high
A pinch or two of good nature.
Then listen, gentlemen friend, and learn
Never to boast of much renown;
For Fortune's wheel is on the turn,
And some go up, and some come down.

We know a vast amount of stocks
A vast amount of pride insures;
But Fate has picked so many locks,
We wouldn't like to warrant yours.
Remember then, and never spurn
The one whose hand is hard and brown,
For he is likely to go up,
And you are likely to come down.

Another thing you will agree,
(The truth may be as well confessed,)
The "coffish aristocracy"
Is but a scaly thing at best.
And though the fishes large and strong
May seek the little ones to drown,
Yet fishes all, both great and small,
Are going up and coming down.

Our lives are full of [illegible] and change,
And [illegible], for knows is never sure;
And [illegible] and strange,
That pl[illegible] high are most secure.
And though the fickle god may smile,
And shield the sceptre and the crown,
'Tis only for a little while—
Then B. goes up, and A. comes down.

The world for you and me, my friend
Hath so [illegible] than pounds and pence,
Then let me humbly recommend
A little use of common sense
Thus lay all pride of place aside
And have a care on whom you frown,
For fear you'll see him going up
When you are only coming down.

Dalles and Boise Military Road.

CANYON CITY, July 5, 1869.

TO THE OREGONIAN:

The Dalles *Mountaineer* of the 2d inst. contains elaborate effort in the shape of a leader (which is evidently written by some member of the Military Road Company other than the editor) which it is proposed to set you right on the Military road question. Before the *Mountaineer* asks the editor of the OREGONIAN for unfairness should first be assured of its own fairness. I fly assert the general opinion of the community are when I charge that the *Mountaineer* is unfair in its statements and mercenary in its motives. I charge the ostensible editor with this lead- for he is unable to produce such an article. I [illegible] him with having permitted his pa- to be prostituted for selfish ends to the abuse his best friends and the misrepresentation of sig- best interests—for the sole purpose of en- hing himself and those who move him with ir money. Where is the spirit of candor in *Mountaineer for the want of which you are* raid? His leader begins with deception to [illegible] its own deceit. He invokes the old roadworn hobby, local jealousy. I wonder if ortland [illegible] is afraid of the coming greatness the D[illegible] for the Portland editors. My fear a gigantic [illegible] of [illegible] editor. Let look [illegible] we will be will [illegible] a larger list [illegible] and its [illegible] he would show more [illegible] It is any consolation [illegible] the information that his [illegible] there will not be as large by [illegible] from this [illegible] His sub- ribers do not care to support a paper that won't support [illegible] without extra pay. hey desire [illegible] for a [illegible] that is for [illegible] in an unjust cause.

If the *Mountaineer* is not entirely lost to reason [illegible] justice and every other consideration except [illegible] let it halt one moment and think where [illegible] it knows [illegible] is. No one [illegible] to pay on the side of right and [illegible] on the other side they could well afford to pay.

Three quarters of a million dollars! This is indeed a grand prize. Oregon politicians seldom find such golden opportunities. Assail the OREGONIAN for unfairness! I say, and in the same breath [illegible] facility is found upon the Government [illegible] six hundred thousand acres of public land will be sacrificed to this great spirit of [illegible] and to enrich a few land grabbers [illegible] by country.

What has been done on this road [illegible] the *land grant was made?* He speaks of the [illegible] as though it had been [illegible] for the [illegible] set forth in the bill making the grant. [illegible] is false. He also knows it is also that the citizens of this valley built no considerable portion of the road. It is not because they built road themselves through the sett- here that they object to this wholesale raid by the Government. It is because they do not want the country trammeled with and split interests who come here with the semblance of right on their side and attempt to [illegible] by deceptive arts by which they procured this grant. Congress never granted a donation to this company for a road [illegible] for that act "paid." The act specifies how the land is to be disposed of; and can anybody read that act and say the company are entitled to any part of the land? The Governor may have accepted the road because there was [illegible] the office. We all know that the old road was built and paying a fair income from tolls when C[illegible] got the grant; and if a belt of land three miles wide and 330 miles long, [illegible] a free gift from the Government, is [illegible] to the capital stock of this company they can well afford to be liberal. I don't say Gov. Woods is for sale, but he is human and the law [illegible] him out in [illegible] the road. It can not be denied that the [illegible] from its beginning; and it was because he *did* know about it [illegible] he would stand between the Government and these land grabbers. It will become one in his position to assist in defrauding the Federal Government and depriving her fair domain within the borders of the State whose interests he should protect. He could point to precedents in justification of his course; but it will be hard to find a parallel case with this. Land grants of any kind in large quantities are a curse to any country or people. They are more aggravating to contemplate when obtained by fraud and without any corresponding benefit arising from the grant. It cannot be said [illegible] ever advocated any country or any people with [illegible] those who obtain them.

All the twaddle of the *Mountaineer* about the condition of this road and the low rates of freight charged on it does not change the nature of the grant nor prove that the company are justly entitled to the land. It will be difficult to get off with their prize. They have it—the law says so—but they will have to use more strategy to keep than they did to get it. The Congress that was misled into such a generous *donation*, by misrepresentations and fraud, may reconsider the matter when the facts are *fairly* explained by the *Mountaineer*.

The largest seizure ever made under the revenue laws has just been effected in Baltimore. The illicit stills of that city own the largest distillery in the country and have done a very extensive and profitable business in liquors, which they pursued in all its branches—compounding, making peach brandy and making new whisky old without [illegible] its age. Government officers were sent to investigate its affairs, and found that for a long time there had been astounding frauds on the revenue. These irregularities extended over a very long period and comprised violations of nearly every section of every law respecting the manufacture of spirits. The loss to the Government is believed to amount to several hundred thousand dollars.

WHY?

BECAUSE you get your first DIVIDEND to HELP PAY YOUR SECOND PREMIUM. You do not have to wait 3 or 4 years for the distribution.

BECAUSE we have NO STOCKHOLDERS to draw from 12 to 25 per cent on imaginary CAPITAL STOCK (*personal promises to pay*) amounting from $30,000 to $50,000 annually.

Because the NEW ENGLAND is a Mutual and is a Home Company in all our broad and beautiful country; an American Institution—the first one formed on the PURELY MUTUAL plan on this Continent.

BESIDES it is the only Company offering you the protection of the Massachusetts Law.

For example: A person aged 35, insures for $1,000, pays $25 50, say on the 1st July, 1869. Were he to die on the 4th July, 1871, 2 years and 3 days after, his policy would be paid. Thus:

Say amount Policy is	$1,000 00
Deduct two annual payments he has not paid, $25 50 each, and interest	54 62
The family would receive	945 38

No Stop Judgment here. This is what we call EQUITABLE and MUTUAL.

Five annual payments keep the Policy in force 10 years and 66 days.

Policies on which Note has been given for one-third of the Premiums.

Five payments will continue in force nearly five years after payments have ceased.

HYGEIAN HOME WATER CURE,

637 California Street,

Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,

SAN FRANCISCO.

DR. BARLOW J. SMITH

WOULD RESPECTFULLY INFORM HIS FORMER *patrons, and all who desire the professional services* of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.

In January last DR. SMITH purchased the extensive *lot corner of Quincy and California streets, with the* buildings thereon, which he has fitted up, at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.

HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.

And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, *especially those who have tried drugs faithfully* without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.

There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and *Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhea or Seminal Weakness,* Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchical and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhea, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to *keep well when they go to their mountain homes, their* mines, their farms, their stores, and all this for one-half what it would cost to take drugs.

Terms $20, by the single week, or $80 for four weeks, Board, Room and Treatment (in all ordinary cases).

N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.

We have a *separate Medical Department for Ladies,* which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.

We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsis Uteri, Uterine Hemorrhage, Sterility, *Curvatures of the Spine,* Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.

The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated, we have yet to learn a single *regret from Husband or Wife of the time, means or* trouble they expended in HYGEIANIC MEDICATION, for they not only get well, but learn how to keep well.

Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment).

DR. SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic society the first Wednesday in each month.
